

# Desktop Sync Intro

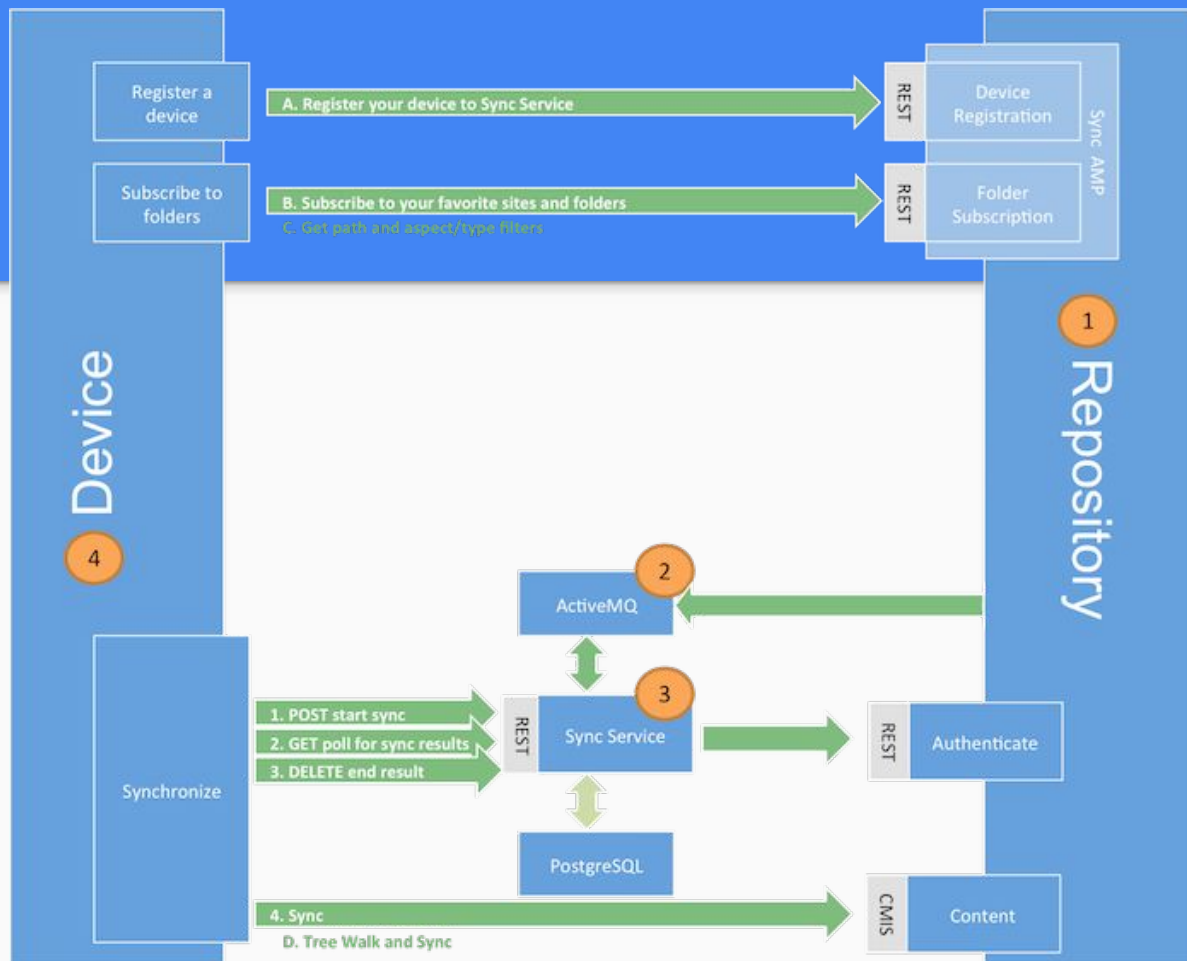

Enterprise

# What's involved

- **Alfresco Repository - Enterprise Edition**
- **Alfresco Desktop Sync - Client package**
  - Alfresco Desktop Sync Setup v1.0\_64.exe
- **Alfresco Desktop Sync - Server Side packages**
  - AlfrescoSyncServer-2.1.zip

# Overview

# What can be synced?

- Content in Alfresco Share sites that the user has access to
  - /Sites/<site id>/documentLibrary

# What does not work?

- Smart Folders
- Syncing content outside sites, such as:
  - My Files
    - User Homes/<user id>
  - Shared Files
  - Guest Home
